October 1, 2021

## It's Our Birthday

Yes, it's true, Mosaic in Action has a birthday, and that day is October 16.

Mosaic in Action received its Certificate of Formation on October 16, 2014, and has been working hard for the underserved residents of Brazoria County, Texas, ever since.

Over the last year, Mosaic in Action has seen some pretty significant changes– we brought on new staff, survived a global pandemic, made new friends, and so much more. One

of our biggest accomplishments of 2021 was assisting our 400th home back in August.

We are so proud of our work, and we feel so lucky to work with incredible people such as yourself. The best present we could ever ask for is your continued support. Thank you for everything.

## The Four Components of Mosaic in Action

Mosaic in Action is based on four components: Resiliency, Relationships, Resources, and Recovery. Our Recovery program– Disaster Response & Disaster Rebuilding– is our most well-known feature.

Similar to Recovery, our Resiliency program helps repair the damages a home might have– but with a focus on preventative maintenance. By doing this, Mosaic in Action is helping to make th-

-ese homes more resilient against future storms.

Mosaic in Action's Relationships program is designed to not only connect our clients with help, but also to connect volunteers with work. By doing this, we are creating a community that cares and advocates for one another.

The final component of Mosaic in Action is one that benefits everyone, no matter where they live– our Resource Library. Located on our website, this library is continuously updated with important information about how to prepare for disasters and what to do after they pass.
